## ***President's Message:***

I hope this time of year finds most of you in a much cooler location than here. Today the temperature in Denver hit 100 degrees, setting a new record high for this date. The good thing is, the mountains are much cooler, so if your week in Vail is in the summer months, expect to have cooler weather than what the Denver area is experiencing.

I am aware that Colorado is receiving national attention about the fires that are currently burning in northern and central Colorado. Please be aware that there are no fires in the Vail area and the pictures I saw on the afternoon news today showed beautiful blue skies with only a few clouds.

Since the January newsletter came out things have been going quite well at Apollo Park. Seven kitchens were totally refurbished in April and May and one kitchen received new counter tops, sink and faucets. The current plan is that more kitchens will be refurbished in the fall. The exact number will depend on the cost and availability of people to do the work. There are just nine kitchens left to be done.

As always Karen and Herman, with assistance from Andrea and Steven, are doing all of those things that are required to get the units and the grounds ready so that you will be able to enjoy yourselves both inside and outside when visiting Apollo Park.

Those of you who are members of Interval International take a look at the pictures of Apollo Park when the 2013 Directory is released. Anne has supplied new pictures to Interval International to be used in the Directory. I have been told they are a big improvement over the old pictures.

As a reminder we are now putting the semi-annual newsletter on our Web site at [www.vailtimeshare.com](http://www.vailtimeshare.com). For those of you without Internet access, we will continue to provide a hardcopy of the newsletter. Just call Anne at 303-690-6038 or include a note with your payment to request a copy if you have not done so before. Once you have signed up for printed copies, you should continue to receive them.

As always, Anne and the Board appreciate the phone calls and e-mails with suggestions and comments about how we are doing. We do review these comments and make every attempt to correct problems or implement your suggestions. Please keep the phone calls and e-mails coming.

If I can be of service to any of you, please feel free to contact either Becky or myself. Our home phone number and email address are listed below.
